Forecast For Highland & Eilean Siar
Issued by Met Office Aberdeen
at 0400 on Tuesday 30 Nov 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Dull and damp with rain, occasionally heavy later on.

Today:
Dull with low cloud and outbreaks of rain. This mainly light in the morning, although the odd heavier burst in the west. Heavier rain spreads into Lochaber and Wester Ross through the afternoon. Milder than of later. Maximum temperature 10 deg C (50 deg F).

Tonight:
Heavy persistent rain clearing east across Lochaber this evening, with rain more showery elsewhere. Frequent showers for most overnight, wintery on high ground. Showers merging in the north towards dawn. Minimum temperature -2 deg C (28 deg F).

Wednesday:
Occasionally heavy showery outbreaks of rain in the morning, then showers more scattered in the afternoon, but turning colder with showers increasingly wintery. Cold northerly winds. Maximum temperature 4 deg C (39 deg F).

Outlook for Thursday to Saturday:
Cold but mainly dry Thursday, snow spreading east later. Overnight rain and snow then mainly dry Friday, but rain or snow likely in the west later. Rain then showers Saturday.
